

Hand Brace Bell Hanger Bit for Wood

- Used with hand brace for drilling through wood.
- Bit has a hole in flute section for pulling wire through after boring.
- Special point for fast drilling in wood.
- Manufactured in the United States.

PART NUMBER	DRILL SIZE	OVERALL LENGTH	STD PKG
50500	3/16"	18"	1
50485	1/4"	12"	1
50501	1/4"	18"	1
50487	1/4"	24"	1
50502	5/16"	18"	1
50490	3/8"	12"	1
50503	3/8"	18"	1
50504	1/2"	18"	1
50505	3/4"	18"	1

Impact Auger Bit

- Used with rotation only machines with a 3 jaw Jacobs type chuck or an impact wrench.
- Specially designed 7/16" shank for quick change chucks.
- Self-feeding screw point allows fast, effortless boring.
- Easily drill through nails embedded in wood.
- Single flute, with single cutter on cutter with a side spur.

PART NUMBER	BORE DIAMETER	OVERALL LENGTH	STD PKG
69300	9/16"	17"	1
69301	5/8"	17"	1
69302	11/16"	17"	1
69303	3/4"	17"	1
