

#58501

- Used in a rotary hammer machine equipped with a SDS (Slotted Drive Shaft) chuck.
- Suitable for use in masonry, stone and brick.
- Specifically designed for use in concrete screw installation. The bits have a 5/16" hex shoulder for use with standard concrete installation sleeves, which eliminate the need for drill adapters.

58501	5/32" X 5" SDS HEX BIT FOR CONCRETE SCREW	20	1	6
